Courageous leadership training Launceston + Hobart March 2023

Developing brave leaders and courageous cultures

Dare to LeadTM workshops

Based on the research of Dr. Brené Brown, Dare to LeadTM is an empirically based courage-building program for leaders, teams and individuals. Brené has spent the past two decades studying courage, vulnerability, shame, and empathy.

The Dare to LeadTM in-person multi-day program focuses on developing courage-building skills to help individuals, teams and organisations move from armored leadership to daring leadership. This challenging program is one of the most sought-after leadership and culture interventions globally to build sustainability into organisations that will survive into the next decades of rapid change.

*You can't
get to
courage

What you'll learn in the training:

Leadership courage is a collection of four learnt skills. In this two-day workshop you will learn how to build brave cultures & drive performance by:

- + Navigating vulnerability
- + Leading with values
- + Building trust
- + Rising from setbacks

Participants explore Dr. Brené Brown's research, complete a leadership assessment and learn how to connect, navigate difficult conversations and hold other's accountable for success.
